September 2005

In This Issue

- Become a Gatekeeper
- Answer the Call
- Upcoming: Resources for fourth quarter

Answer the Call Luncheon

Reaching African American Pastors as they serve day to day. Answer the Call happens when a Gatekeeper works with us to gather pastors and leaders in the local area for a time of fellowship. We provide lunch, resources and an inspiring message to help clergy continue to serve where God has called them.

Moving Forward

We are moving forward! Our African American Outreach team is intentionally connecting with pastors and churches to share our goals of serving and increasing awareness of resources available for the African American community. You are receiving this newsletter because, through serving together, you have expressed an interest in Focus on the Family's ministry

and an interest in partnering with Focus on the Family's African American Outreach.

Our desire is to partner with gatekeepers — clergy like you — devoted to helping your church members and neighbors grow in Christ. We need you to help us do a better job of providing resources to meet the needs of your congregation and community.

We have an opportunity for you to reach your congregation and help get the word out that Focus on the Family has resources for the black family. This program each quarter will provide your church with a product and bulletin inserts to promote resources to assist our culture in addressing key issues in parenting, building families, singleness and marriage. Below are the resources for 2005. Our current offer is for the 3rd quarter:

1st qtr: Parenting - Helping you become a Successful Parent
Resource: Fathering the Next Generation CD

2nd qtr: Reunite Families – Reap the Blessings of a Family Reunion

Resource: Get Together: Reap the Blessings of a Family Reunion

3rd qtr: Marriage - Revitalize Your Marital Relationship
Resource: Experiencing a Fulfilled Marriage CD

4th qtr: Singles - Find the Joy in Being Single
Resource: Women: Enjoying the Single Life CD

Please join us in reaching the African American community by becoming a gatekeeper for your local area. For additional information on our gatekeeper ministry please contact us at (719) 531-3360.
